

MNNIT Alumni Association (MAA)

HISTORY

The Alumni Association was first constituted in the Silver Jubilee year (1986-87) of erstwhile Motilal Nehru Regional Engineering College (MNREC), Allahabad. It was possible due to the active leadership of the former principal, Dr. Y.V.N. Rao, who played a key role in framing/drafting the constitution and bye laws of Alumni Association. This draft was approved in the first Alumni Convention of MNREC, Allahabad held in April 1987. The next Alumni Convention took place after a long gap of 11 years, i.e., in the year 1998. In this convention a new executive committee of Alumni Association was elected as per the constitution framed in the year 1987.

Following these developments, Alumni Conventions were organized in subsequent years but not on a regular basis. The organization of regular Alumni Conventions started in the year 2006 in which Professor A. B. Samaddar, ex-Director of the Institute was quite instrumental. From this year, Silver Jubilee celebrations of passed out batches were initiated. 1981 batch alumni celebrated the first Silver Jubilee of their batch under the umbrella of Alumni Association. Er. S. P. Singhal (1965, Civil) initiated a novel idea of celebrating ‘Dosti Ke 50 Varsh’ for the entrants of first batch (1961 entrants) in the year 2011. Since then, ‘Dosti Ke 50 Varsh’ is being regularly celebrated in the Alumni Convention for the entrant batches completing 50 years.

The Alumni Association was registered under Uttar Pradesh Society Registration Act (Amended), 1860 with the name ‘Alumni Welfare Association, MNNIT Allahabad’ in the year 2008. This registration lapsed on 7.11.2013. The registration of this society was renewed on 30.5.2014 with amended Bye Laws/ Constitution and name as ‘MNNIT Alumni Association’.

In the present Alumni Convention – 2014, 1989 batch celebrates its ‘Silver Jubilee’ while entrant batches 1961-64 will celebrate ‘Dosti Ke 50 Varsh’.

CHAPTERS

MNNIT Alumni residing in different cities of India and abroad have formed different Alumni Chapters, though constitutionally not affiliated with the central body association at MNNIT Allahabad. These chapters are actively involved in organizing the alumni meet/ get-togethers in their cities and perform the Alumni welfare activities. Lucknow and Delhi-NCR chapters are duly registered and operative from a long time. Chapters are also opened at Allahabad local, Mumbai, Chennai, Kolkata, Bengluru, Hyderabad, Pune, Dehradun, USA, Canada and few more.

ACTIVITIES

The Alumni Association at MNNIT, Allahabad is aimed towards the welfare of alumni as well as the institute. It is operated by the funds contributed / donated by alumni and working as a bridge

between alumni and the institute. The Association has identified and approved following activities for the welfare of institute which may be accomplished jointly with the institute and alumni:

- **Organization of Alumni Meet**

The association regularly organizes the global Alumni meet under the umbrella of ‘Alumni Convention’ in order to promote the institute-alumni interaction. The general body meeting takes place in order to identify the welfare activities for either of the stakeholders. The executive committee is also elected in this convention biennially.

- **Student Scholarships/ support to needy students**

These scholarships/ financial support will motivate students to excel in their academic endeavor and also provide financial assistance to meritorious and needy students.

- **Organization of Distinguished Lecture Series**

Alumni Association with association with Dean Resource Generation and International Affairs may work together to organize distinguished lecture series.

- **National/International Travel Support for Students**

Students generally don’t get assistance for National and International travel support for presentation of papers. Alumni Association in assistance with Dean Resource Generation and International Affairs may form the modalities for this, if donor has not specified the same.

- **Student Mentor Program**

This program may offer every student a unique opportunity to develop a relationship with an alumnus and will allow him or her to explore the information and advice related to academic and professional development. It will build a synergy between present students and the alumni and will lead to developing a strong, global network of MNNITians. Alumni Association in association with Dean (Resource Generation and International Affairs) may form the modalities for this.

- **Cash award for journal publication/patent for student**

- **Annual Cash Awards/ Gold Medal and Silver Medals**

To encourage meritorious students/ faculty members and staff in the Institute.

- **Infrastructural Development of the Institute**

Although central government is generous enough in granting money, still some help is needed for infrastructural development of Institute. If donor has not mentioned a specific development work, the donation may be obtained in the areas identified by Alumni Association in association with Dean Resource Generation and International Affairs. For

example any specific center may be created for specific research work, identified by Alumni, Institute or both.

EXECUTIVE COMMITTEE : MNNIT ALUMNI ASSOCIATION (2015-2017)
